To Whom It May Concern,

**Re: Renny Mulhearn**

Having recently completed the multi-million pound purpose built church, Cathedral House, in Huddersfield town centre, as part of our community programme we were keen to establish a fireworks event on or around bonfire night, including various fairground rides and attractions

We contacted Renny Mulhearn of [www.funfair-and-candyfloss.com](http://www.funfair-and-candyfloss.com). Renny arranged a superb selection of rides and stalls for our event, which was very well attended.

Throughout the planning stages and at the event itself Renny was always courteous and professional. He gave us realistic expectations as to what was possible on our site and proved to be a man of his word and delivered what he had promised.

We found all members of his team at the event to be friendly and approachable and were delighted with the professionalism which was evident from the moment they arrived on site to the moment they left.

Renny was a pleasure to deal with and played a large part in making the event a great success. Discussions are already in hand with Renny about next year's event which will be even bigger and better and we would certainly have no reservations in recommending Renny to any event organiser for any funfair requirements they may have.
